5-Day QuickShip Program

NEW & IMPROVED 5-DAY QUICKSHIP PROGRAM

Too often, time constraints can force a designer to settle on a lower-quality product. The newly updated Acolyte 5-Day QuickShip program means that doesn't have to happen to you.

We know that deadlines can't wait – especially in this new business environment. But you shouldn't have to sacrifice your lighting design or LED product quality for speed. That's where the Acolyte QuickShip program comes in. We keep a healthy inventory of a wide selection of our most popular products so that they are available for immediate custom assembly. Our commitment to customer satisfaction means we can meet your needs and have your custom fixtures ready to ship anywhere across the country within five days.

OUR EXPANDED QUICKSHIP LINE NOW INCLUDES:

- Static White and RGBW Series 2 RibbonLyte.
- 11 channel options.
- Power supplies.
- DMX Wall Controllers and Interfaces.

QUICKSHIP PROGRAM TERMS:

- A specific PO labeled "QuickShip" is required for QuickShip orders.
- Orders that contain products not offered in the QuickShip program must be submitted separately.
- Orders received before 12:00pm EST are counted as Day 1.
- Orders will ship from our facility within 5 days of Day 1 (excluding weekends & holidays).
- QuickShip orders may not be cancelled at any time.
- Maximum ordering length of a single item is 250 feet per order.
- Program terms are in conjunction with Acolyte Standard Terms & Conditions (<https://www.genledbrands.com/genled/terms>).
